### STEVEN JOINER

Steven Joiner is a speaker, writer, teacher and project manager. He spent the first part of his 'career' as a classroom teacher and, in 2007, took his love of social-impact work and his deep understanding of the nonprofit sector into his work as the Director of Career Transitions for the nonprofit-resource website Idealist.org. While at Idealist Mr. Joiner authored the widely-read [Idealist Guide to Nonprofit Careers for Sector Switchers](#) ([www.idealists.org/sectorswitcher](http://www.idealists.org/sectorswitcher)), wrote a monthly 'Career Corner' blog, and travelled around the country helping professionals discover 'roadmaps' to finding a paid nonprofit position. He is a featured workforce expert in the NY Times, Marketplace, and in a host of local media outlets (<http://21centuryworklife.com/about-us/media-collaboration-steven/>)
